

The KINT Meetings Committee has again started organizing the next KINT Congress Day. This event will take place on April 10, 2024.

With this announcement, we offer you the opportunity to present a presentation.

The theme chosen for the KINT Congress 2024 is: **“New Energy”**

It will not have escaped your notice that we are facing climate change and with it the search for solutions to our energy needs. The energy transition is taking place towards New Energy. Greener forms of energy such as solar, wind and hydrogen.

But what about the transition involves inspection and non-destructive testing for these new forms of energy? We will have to deal with different materials, different degradation mechanisms and many more challenges.

Therefore, we invite you to share your knowledge in the field of New Energy with us at the KINT Congress on April 10, 2024.

The aim is to present a varied congress with lectures/presentations at different levels from:

- The technique; scientific and practical
- Past experience: lessons learned
- Organizational: business economics, safety, standards, regulations, permits
- Training

CALL FOR PAPERS

KINT CONGRES 2024
10 APRIL
LOUWMAN & PARQUI
RAAMSDONKSVEER

We like to see practical lectures that tie in as much as possible with the theme. By practical we mean information that the audience can use in their work environment, so to speak, the day after the conference. Lectures that are too commercial will be put aside.

The deadline for your submission is Feb. 10, 2024. Soon after, the Meetings Committee will consider the submissions and make an initial selection.

What to send us:

- A brief description of the content of your lecture, such that we get a good idea of your "message" toward the audience. About 5-10 lines.
- A catchy title, or a working title that you can modify later.
- If your presentation is chosen, your PowerPoint presentation and/or a written article should be available to the organization by mid-March 2024.

Please address your submission to info@kint.nl attn. Lecture Proposal KINT Congress Day 2024. If you would like to discuss your possible submission, please contact Dennis Zaal, chairman of the Meetings Committee, at telephone number +31 613 186 319.

New awards!

In addition to the existing KINT awards, KINT will present two new awards during the conference:

New Energy award

Inspector or NDT talent of the year.

Who deserves this award and why? Send this to info@kint.nl

Thank you in advance on behalf of the Meetings Committee, the Board and all members of KINT
