

The KINT Events Committee is delighted to invite you to the KINT Congress 2026. This event will take place on 15 April 2026 at Louwman & Parqui in Raamsdonksveer.

Theme 2026: “Working together on the quality of Inspection and NDT”

With the theme Working together on the quality of Inspection and NDT, the focus is on the power of collaboration. Quality does not happen by itself; it is achieved by sharing knowledge, exchanging experience and continuously developing together. Within inspection and NDT, this collaboration is essential to remain reliable, future-proof and innovative.

During the congress, you will be presented with talks and practical case studies demonstrating how inspection and NDT in the Netherlands contribute to quality and progress. From new developments and innovative applications to proven practices from the field, the programme highlights how the sector continues to strengthen itself and the opportunities this creates for the future.

Of course, the congress also offers an excellent opportunity to meet colleagues from across the industry, share knowledge and build new connections. As you have come to expect, we combine a strong, content-driven programme with ample time for networking and discussion.

For young professionals and newcomers

This year, we warmly welcome newcomers and young professionals in NDT. They may attend alongside our members at a reduced rate of €175. This includes not only access to the congress and our network, but also a one-year KINT membership.

Awards 2026

In addition to the well-known KINT Awards, we will once again be presenting special distinctions this year. Who do you think deserves a place in the spotlight? Submit your nomination to info@kint.nl.

Register now via www.kint.nl or by using the attached form.
